GFC Fans is one of the largest manufacturers of quality electric fans in Pakistan. Under the leadership of Mr Mohammad Ilyas, the CEO, GFC became the pioneer in the export of electric fans from Pakistan. Starting with its first commercial export in 1993 with a modest quantity & value, GFC is now exporting its products worth USD 16 million annually to more than 30 countries in the World.

GFC fans have become an instant success due to their quality and durability in all the markets where these were introduced including countries in Asia, Middle East, Africa and Europe for their remarkable performance. The constant achievements during the last 35 years have made GFC one of the best fan manufacturers in the world. GFC is registered in many countries and is certified to be the remarkable quality in those countries.

For our persistent performance in export and our superior brand recognition in the local market, GFC became the first company to receive Export Trophy and Brand of the Year award in the fan industry in Pakistan. Ever since GFC has continued to be the recipient of numerous awards of acknowledged of its foremost commitment to producing and exporting high-quality fans.

Furthermore, GFC is also the first-ever company in Pakistan to be certified by UL (Underwriter Laboratories, USA) and CE to export fans in the USA, Canada and European Union.

GFC is the pioneer in introducing the latest technologies in the fan manufacturing industry of Pakistan. The plant & machinery installed in our factory is at par with those installed at manufacturing industries in technologically advanced countries like China, Taiwan, and Vietnam etc.

To provide innovative products to our customers, we at GFC are continuously engaged in bringing in cutting-edge technologies to our plants, and evolving our production process to set the highest standard in the industry. Keeping in mind acute power shortage in Pakistan and other developing countries where GFC Fans are sold, GFC focuses

"Since 1954, GFC has been the pioneer of the highest quality products in the region. The fans by design are manufactured to provide heavy duty service, long time performance and quiet cooling comfort to meet the need of our customers in hot and humid climates all over the world."

**Mohammad Ilyas**  
Chairman

on the production of energy-conserving fans. Special raw materials for energy-saving fans are being used including Electrical Silicon Steel Sheet, Pure Enameled Copper Wire, High-Quality Ball Bearing and Aerodynamically Designed Fan Blades, made on most modern plants with a highly qualified labour force.

We guarantee to deliver smooth, cooling comfort through our diligently crafted beautiful products that transform your environment.

GFC has continuously brought in the latest technology to provide the most advanced and highest product quality. Copper wire is produced at GFC own wire drawing plant since 1987 to safeguard our incomparable quality. Moreover, GFC group has its own capacitor manufacturing unit, Die casting unit, injection moulding unit, Guard making unit, Thermopore making unit, Dies and moulds making unit, Vacuum coating unit. GFC has its own progressive stamping presses, armature winding machines, CNC wire cutting and machining centres.

For the last three decades, GFC has introduced fan models to satisfy the need of its customers all over the globe. We have always been the leader in Pakistan to introduce different kind of commercial fans as well as variation in fan models. The latest of these innovations is Mist Fan, an indigenous design that has been a huge success. Our wide range of product ensures you find exactly what you need for comfort and design.

With GFC's products, you do not have to compromise on either efficiency or aesthetics. Due to high-quality material, our products are durable and are as tough on the inside as they are beautiful on the outside. Furthermore, to ensure unmatched performance, our products are tested several times before they shipped to customers.

# THE POINT

At GFC, we pride ourselves on our supreme performance, spirit of innovation, skillful workmanship and the use of superior materials for our wide range of products that guarantee to deliver efficient performance and beautiful aesthetics.

## Impact

Our goal is to exceed customer satisfaction through supreme quality products, manufactured to the highest standards that last a lifetime.

## Our Excellence

We intend to surpass consumer loyalty through pre-eminent quality products, made to the most astounding measures that endure life time.

## Innovation

Our company is always on the lookout for new technology and by fostering a culture of innovation we are able to develop and constantly evolve our products to the best of standards and quality.

## Our ideology

We aim to be the Global Market Leaders of the Fan Industry and add to our portfolio of Extraordinary Quality Home appliances, by being highly competitive on the basis of providing unmatched Strong, Reliable and Beautifully Crafted Products.

## Integrity

We are known all over the globe for our strong moral principles, not only in the manufacturing unit but also with regards to our customer relationships. All stakeholders of G.F.C are extremely satisfied with our practices.

## Collaboration

GFC is known for its corporate culture based on family values. The effective distribution of responsibilities based on operations of different units is paramount to its successful operations. An ethos of cross department collaboration are always encouraged and have become the heart of our collective methodology. Furthermore, the open door policy allows the sharing of concerns with the top management. This promotes culture of friendliness and continuous idea exchange.

# BOARD OF DIRECTORS

In spite of achieving such phenomenal success, GFC's organization culture, led by its directors stresses on meeting new challenges and reaching new heights. The Directors of GFC Fans are highly qualified and motivated to lead the company.

The purchase department is looked after by Mr. Mohammad Ijaz. His and Mr. Mohammad Ilyas commitment, dedication and motivation has help GFC grew into a leading fan Manufacturing company.

**Mr. Mohammad Ijaz**  
Director Purchase

Mr. Nabeel Ilyas continues to conduct both domestic and international sales and distribution activities, participating in trade exhibitions around the world to bring more and more countries under the GFC banner. He is also overlooking HR and finance department.

**Mr. Nabeel Ilyas**  
Director Marketing

The production team at GFC is led by a dynamic mechanical engineer, Mr. Mobin Ilyas from University of Waterloo, Canada. He continues to upgrade the production methods at GFC to maintain quality, improve energy efficiency and stay at par with technologically advanced countries.

**Mr. Mobin Ilyas**

Mr. Nazim Ijaz, a Finance graduate from Canada, ensures that best quality and energy efficient material is procured and used in the GFC Fans products.

**Mr. Nazim Ijaz**

Mr Adeel Ijaz, a graduate from Canada is providing his expertise in the field of capacitor making and guard making units.

**Mr. Adeel Ijaz**

# 1<sup>st</sup> TO WIN THE GOLD MEDAL for Businessman of the Year in Fan Industry
